Verman	1,510,719	July 22, 1919	170/22

Claims 5 and 9 are rejected as being directly readable
on either of the above cited patents. The word facsimile in the
claims does not lend patentability to the claims.

Claims 1 to 7 inclusive still appear to be allowed.

This application should be prepared for final action.
No further amendments that do not place the case in condition
for allowance or better form for appeal will be entered after
final action unless accompanied by a proper showing of good
and sufficient reasons why they were not earlier presented.
